## 524187-01 MOSES H CONE MEMORIAL HOSPITAL VOLUNTARY SAVINGS PLAN empowermyretirement.com

Your employer-sponsored retirement savings plan allows eligible employees to invest for their retirement. These plans can be valuable in helping participants reach their retirement savings goals. The goal is to build your account through additional contributions and investment returns in your plan. Fees and expenses related to your plan can affect the overall long-term value of your account. The investment options you choose also affect your account. It is important for you to have a clear understanding of the investment options available through your plan and the fees and expenses that are part of your plan.

This notice includes information to help you understand plan costs and compare your retirement plan's investment options. It was designed to meet the participant fee disclosure regulations of the United States Department of Labor (DOL).

For more information on the plan's investment options including investment objectives or goals, principal strategies and risks, portfolio turnover rate, current returns and expenses, please visit the participant website listed above. This website also includes educational information and tools designed to help you with making investment decisions.

Additional information on the plan's investment options is also available on the participant website which may include prospectuses or similar documents, fund reports to the extent applicable, and fund share/unit valuations.

Paper copies of the investment related information available on the participant website can be obtained at no cost by contacting Empower at:

SECTION	Document Summary
1	<b>Investment Rate of Return and Expense Information</b> - Shows investment return information for your plan's investment options. It shows past performance, investment management expenses and General Administrative Services Expenses. The General Administrative Services Expenses table shows non-investment expenses that pay for operating your Plan.
2	<b>Other Investment-Related Fees, Expense Information and Transfer Restrictions</b> - Shows any fees and expenses that are in addition to the investment management expenses in Section 1. This section also shows any investment restrictions.
3	<b>Plan-Related Information</b> - Shows your Plan Related information and Participant Elected Services Expenses tables. The Participant Elected Services Expenses table shows expenses for optional services available through your Plan that may be charged to your individual account for the services you use.

### 1 – Investment Rate of Return and Expense Information

#### Variable Rate of Return Investments Table

This table looks at the rates of return from investments that increase and decrease in value. The table shows how these investments have performed over time. You can compare each investment option to a benchmark. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an investment option's principal risks is available on the website listed above.

### Fixed Rate of Return Investments Table

This table looks at the investment options that have a fixed or set rate of return. It shows the current annual rate of return and the minimum annual rate of return. The rate shown reflects the rate in effect from the last available quarter. Your rate may vary depending on the quarter in which the transitioned plan is funded. The table also shows how often the rate of return may change and the term or length of time you will earn this rate of return, if applicable. The investment provider of the fixed account may change the rate in the future. You may visit the Web site listed above or call the Voice Response System to find the current rate.

Fixed Return Investments as of 10/24/2025					
Investment Option	Current Fixed Rate	Minimum Rate	Asset Charge / Fee Rate	Frequency of Fixed Rate Setting	Term
Guaranteed Interest Account <sup>1</sup>	4.00%	4.00%	N/A	Quarterly	12/31/2026
	\$40.00 per \$1,000				

<sup>1</sup> Additional information on this Investment Option can be found in Section 2.

2 Investment Funds. The start date may be that of the fund's original share class. If your Plan offers a different share class of the fund with a more current start date, the performance returns have been adjusted to reflect the fees and charges associated with the actual share class.

3 Offered through a group fixed and variable deferred annuity issued by the applicable insurance company. Returns prior to the inception date of the separate account are hypothetical and are based on the inception date of the underlying investment option, adjusted to reflect the deduction of fees and charges associated with the annuity contract.

\* Performance returns not available at time of production.

± Performance calculations for each of the plan's designated investment options are net of applicable investment contract fees, reducing the investment option's performance by the effect of such fees, including, for example, any applicable annuity separate account/program fees and other investment-level fees related to plan account maintenance and servicing.

~ Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of these fees may be shared with the plan's service providers and, under an agreement with the applicable plan fiduciaries, may be used to help pay for plan administration and/or recordkeeping fees. The plan's fiduciaries may make changes to the plan's investments at any time subject to applicable notice requirements. Please see the participant website for more information.

\*\* A benchmark index is not actively managed. It does not have a defined investment objective and does not incur fees or expenses. You cannot invest directly in a benchmark index.

### General Administrative Services Expenses Table

This table shows expenses that pay for operating the Plan. These expenses are described below. Fees and expenses for general plan administrative services (for example, recordkeeping services and custodial services) may be charged to the Plan. These fees and expenses may be charged to your individual account to the extent not paid by the Plan Sponsor, deducted from other Plan assets (such as the Plan's forfeiture account) and/or included in investment-related fees and expenses. How the expenses are charged to participant accounts will depend on the nature of the expense. For example, some fees may be charged as a fixed dollar amount per participant or as a percentage amount spread across the account balances, as determined by the Plan Sponsor or other responsible Plan Fiduciary. The amount of any general plan administrative expenses actually deducted from your account will be reflected on your account statement.

**Missing Participant Administrative Services.** Upon request by the Plan Sponsor, Empower may perform certain administrative services that attempt to identify and locate missing and unresponsive participants. The administrative services may include, for example, performing Participant address searches using a commercial locator service, updating Participant address records and attempting to contact Participants using certified U.S. mail. If the plan incurs any administrative fees for these services, such expenses will be paid from the plan's assets and deducted from the applicable missing or unresponsive participant's account balance or from the proceeds of any uncashed benefit payment made by the plan to such participant. The missing participant administrative fees are estimated to range from \$10 up to \$75 per participant per year depending on the services elected by the Plan Sponsor.

Variable Asset Charge, if applicable, is a fund service fee for administering certain plan investment options, such as insurance company separate accounts, which may include maintaining net unit values, as applicable. Fund service fees may be stated as investment management fees, mortality & expense fees, or administrative fees reflected in the unit price and included in the Gross Expense Ratio. Certain investments may also include recordkeeping revenue which may be made available to offset recordkeeping fees.

## 2 – Other Investment-Related Fees, Expense Information and Transfer Restrictions

### Other Investment-Related Fees, Expense Information and Restrictions

This table looks at fees, expenses and transfer restrictions that are in addition to the Investment Expenses in Section 1. Fees and expenses are only one of many things to think about when deciding to invest. You may also want to think about whether an investment in a particular investment option, along with your other investments, will help you reach your financial goals.

Rule #1 - Transfers between these funds are prohibited.

Rule #2 - Due to the frequent trading policy and procedures regarding market timing and excessive trading, if 2 round trips have been processed INTO the fund there may be transfer restrictions. Given the fund's frequent trading policy and procedures and previous warnings, you may be restricted from transferring money into this fund for 30 days.

Rule #3 - Transfers into a competing fund might be restricted due to Equity Wash restriction for 90 days after the last transfer out of this fund. Please contact your plan sponsor if you have any questions.

^ Shareholder/Shareholder-Type Fees are fees paid directly from your investment in this option (e.g., sales loads, sales charges, deferred sales charges, redemption fees, exchange fees, account fees, purchase fees, transfer or withdrawal fees).

**NOTE: More current information about the Plan's investment options, including fees, expenses and performance updates, may be available at your plan's website.**

### Contract Discontinuance and Termination Services

If, at some point in the future, the Plan discontinues, in whole or in part, any investment/platform provider relationship with your Service Provider, either by transitioning the Plan to a new recordkeeper or because of the termination of the Plan, additional fees may be charged to your Plan account. The type and amount of any such fees will depend on the terms of the Plan's investment/contract agreement with your Service Provider (or with respect to the terms of any investment contract/agreement issued by another provider that is administered by your Service Provider) that is in effect at that time and/or may be assessed in connection with any services performed by your Service Provider in conjunction with such discontinuance event.

When investment contracts are discontinued, participants' accounts could be assessed contract surrender charges, termination asset charges and/or market value adjustments. Your Plan's specific investment contract/agreement will identify which of these discontinuance fees and/or adjustments will apply. The discontinuance fees and/or adjustments may also be dependent upon the conditions of the market at the point in time the investment contract/agreement is discontinued.

### Stable Value Discontinuation Provisions

With respect to Plans that elect to defer the payment of a market value adjustment from a prior stable value fund over time and then terminate their stable value contract with Service Provider prior to repaying that amount, a maximum surrender charge of 15% may be applied to your account value invested in one of the applicable stable value funds.

## 3 – Plan-Related Information

Plan-Related Information is an explanation of general plan information. It includes a description of non-investment management fees and expenses that may be charged to your account. This section also includes a list of the Participant Elected Services Expenses.

### General Information

**Non-Investment Management Fees and Expenses:** Includes recordkeeping, accounting, legal, consulting or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Voice Response System or your Plan Administrator.

**Investment Instructions:** Your plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the plan's website or by calling the Voice Response System.

**Limitations on Investments:** Limits on making changes to your investment choices may be imposed by the Plan Administrator or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund). If these restrictions apply then they will be listed in Section 2. In addition to the limits and restrictions described in the prospectus, the Plan Administrator may have other restrictions on making changes to your investment choices. If the Plan Administrator has additional limits, they will be described in a separate document that will be provided to you by your Plan Administrator.

**Voting, Tender, and Similar Rights:** The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

## Participant Elected Services Expenses Table

This table shows expenses for optional services available through your plan. Certain fees may be charged to your individual account for optional services you use.
