**LEHIGH VALLEY HEALTH NETWORK, INC. 403(B) SAVINGS PLAN and
LEHIGH VALLEY HEALTH NETWORK, INC. 401(K) SAVINGS PLAN**

**AUTOMATIC CONTRIBUTION/QUALIFIED DEFAULT INVESTMENT ALTERNATIVE
NOTICE FOR 2023 PLAN YEAR**

From: Plan Administrator for LEHIGH VALLEY HEALTH NETWORK, INC. 403(B) SAVINGS PLAN and LEHIGH VALLEY HEALTH NETWORK, INC. 401(K) SAVINGS PLAN (“Plan”)

Plan Sponsor: LEHIGH VALLEY HEALTH NETWORK, INC. (“Employer”)

Re: Annual Notice of Rights under Automatic Contribution Arrangement and Notice of Default Investments under the Plan.

The provisions below apply to the Plan for the Plan Year beginning June 7, 2023.

AUTOMATIC ENROLLMENT FEATURE

Automatic contributions (deferrals). All employees are eligible to participate except employees covered by a collective bargaining agreement, leased employees and employees classified as independent contractors.

This notice advises you of certain rights and obligations you have under the Plan. Under the automatic enrollment provisions of the Plan, LVHN will automatically withhold from your compensation 2% per pay period (referred to as the “automatic deferral percentage”), and will contribute the amount withheld to the Plan as your elective deferral. If you wish to contribute the automatic deferral percentage of 2%, you do not need to do anything. If you wish to contribute an amount or percentage of your compensation that is different than the automatic 2% deferral, you will need to complete a new election. If you wish to decline participating in the Plan, you must also complete a new election indicating your declination. Your revised election (or declination) will become effective as soon as the Plan Administrator can reasonably implement your new election and will remain in effect until you change it. While payroll procedures will govern when the salary reduction agreement first applies to your paycheck, as a general rule you can change your contribution for any future payroll period. Note: Existing employees already making contributions to their savings plan are not affected by this provision.

QUALIFIED DEFAULT INVESTMENT ALTERNATIVE (“QDIA”)

How are my Plan account(s) invested: If you do not provide investment instructions as to how you wish to have your contributions invested, the Plan will invest them on your behalf.

If you make a contribution to the Plan, or if the employer makes a contribution to the Plan on your behalf, including elective deferrals under an automatic contribution arrangement, the QDIA will be used unless you have provided investment instructions.

Right to Direct Investments: You have the right to direct the investment of all of your accounts in any of the investment choices available under the Plan. Even if the Plan invests some or all of your accounts in the QDIA, you have the continuing right to direct or redirect the investment of your accounts.

You may change your investments at any time. You are also entitled to invest in any of the alternative investment choices offered under the Plan without incurring a financial penalty.

How to Change your Investment Direction: To obtain more information on investment choices available or to change how your account is invested, call the Client Care Center at 1-800-448-2542. You can also make changes online by accessing your account at lvhn.corebridgefinancial.com.

Investment Objective: The Target Maturity Funds seek current income and capital appreciation. The funds invest primarily in other mutual funds that represent a variety of asset classes and investment styles. The target asset mix is adjusted so that as the target year approaches, the allocation to stocks may decrease and the allocation to bonds and money market instruments may increase. The principal value of an investment is not guaranteed at any time including at or after the target maturity date.

Risk and Return Characteristics: The risk/return profile of each Target Maturity fund is higher or more aggressive when the maturity date is further away, but will automatically rebalance to a more conservative or lower risk/return profile as the funds near the maturity date and beyond.
